EMC INSURANCE GROUP INC. REPORTS 2006 SECOND QUARTER RESULTS

Second Quarter 2006

Net Income Per Share -- \$0.86

Net Operating Income Per Share -- \$0.76

GAAP Combined Ratio -- 96.3%

DES MOINES, Iowa (July 26, 2006) - EMC Insurance Group Inc. (Nasdaq/NGS:EMCI) today reported record second quarter operating income of \$0.76 per share (\$10,392,000) for the second quarter ended June 30, 2006 compared to operating income of \$0.34 per share (\$4,619,000) for the second quarter of 2005¹. For the six month period ended June 30, 2006, operating income was \$28,457,000 (\$2.08 per share) as compared to \$14,648,000 (\$1.08 per share) for the same period in 2005. Net income, including realized investment gains/losses, was \$11,815,000 (\$0.86 per share) for the second quarter of 2006 compared to \$5,161,000 (\$0.38 per share) for the second quarter of 2005. For the six month period ended June 30, 2006, net income was \$31,078,000 (\$2.27 per share) as compared to \$15,663,000 (\$1.15 per share) for the same period in 2005.

"We are pleased to report another record-breaking quarter," stated President and CEO Bruce G. Kelley. "Second quarter results tend to fluctuate greatly from year to year depending on the impact of Midwest storms. Although there have been some violent storms in 2006, we have been fortunate to not have significant exposures in those areas." Over the last decade, second quarter catastrophe and storm losses have averaged \$0.36 per share after tax. For the second quarter of 2006, catastrophe and storm losses totaled \$4,762,000 (\$0.23 per share after tax) compared to \$5,980,000 (\$0.29 per share after tax) for the same period in 2005. For the six month period ended June 30, 2006, catastrophe and storm losses totaled \$6,902,000 (\$0.33 per share after tax) compared to \$8,606,000 (\$0.41 per share after tax) for the same period in 2005.

Premiums earned decreased 5.7 percent to \$98,218,000 for the second quarter of 2006 from \$104,202,000 for the same period in 2005. For the six month period ended June 30, 2006 premiums earned decreased 5.7 percent to \$193,710,000 from \$205,496,000 for the same period in 2005. The majority of these decreases are attributed to the reinsurance segment and are associated with Employers Mutual Casualty Company's previously announced reduced participation in the Mutual Reinsurance Bureau (MRB) pool and the previously announced changes to the quota share agreement with Employers Mutual. The property and casualty insurance segment also experienced a slight decline in premiums earned in the second quarter of 2006 as well as for the six month period ended June 30, 2006. On an overall basis, rate competition continued to increase moderately in the property and casualty insurance marketplace during the second quarter of 2006 and management expects market conditions to remain competitive for the remainder of the year. Consequently, the Company's overall rate level is expected to decline moderately during 2006.

Investment income increased 11.4 percent to \$11,368,000 for the second quarter of 2006 from \$10,201,000 for the same period in 2005. For the six month period ended June 30, 2006, investment income increased 21.0 percent to \$23,147,000 from \$19,132,000 for the same period in 2005. These increases are primarily attributed to the fact that all of the cash received from Employers Mutual in the first quarter of 2005 in connection with the change in pool participation has been fully invested.

As noted in the Company's July 20, 2006 press release, the Company experienced \$7,680,000 (\$4,992,000 or \$0.36 per share after tax) of favorable development on prior years' direct case loss reserves stemming from final settlements of claims in the second quarter of 2006. For the first six months of 2006, the Company experienced \$18,930,000 (\$12,304,000 or \$0.90 per share after tax) of favorable development on prior years' direct case loss reserves stemming from final settlements of claims. However, in the financial information contained in this earnings release the Company is reporting \$14,518,000 and \$18,814,000 of favorable development on prior years' reserves in the property and casualty insurance segment for the second quarter and first six months of 2006, respectively. The reported amounts of

favorable development reflect an adjustment in the factors utilized to allocate the property and casualty insurance segment's incurred but not reported (IBNR) reserve by accident year. This adjustment was initially implemented in the first quarter of 2006, and was again utilized in the second quarter of 2006, to better match the expected development of claims that occurred in prior accident years with the allocation of the IBNR reserve to those prior accident years.

It is important to note that the adjustment in IBNR factors did not have any impact on the net income amounts reported for 2006. The only impact of this adjustment is that a greater amount of the June 30, 2006 IBNR reserve (but less than the March 31, 2006 amount) was allocated to prior accident years, and a corresponding smaller amount was allocated to the current accident year.

The Company's GAAP combined ratio was 96.3 percent in the second quarter of 2006 compared to 103.9 percent in the second quarter of 2005. For the six months ended June 30, 2006, the Company's GAAP combined ratio was 90.3 percent compared to 99.3 percent for the same period in 2005.

At June 30, 2006, consolidated assets totaled \$1.1 billion, including \$.9 billion in the investment portfolio; stockholders' equity was \$278.6 million; and net book value of the Company's stock was \$20.29 per share, an increase of 5.7 percent from \$19.20 per share at December 31, 2005.

The Company will host an earnings call in conjunction with today's release. The teleconference will begin at 11:00 a.m. eastern daylight time, July 26, 2006. Dial-in information for the call is toll-free 1-800-295-3991; passcode 17959632. The event will be archived and available for digital replay through August 2, 2006. The replay access information is toll-free 1-888-286-8010; passcode 26181634. A webcast of the teleconference will be presented by Thomson Financial and can be accessed at <http://my.ccbn.com> or from the Company's investor relations page at www.emcinsurance.com. The archived webcast will be available for one year. A transcript of the teleconference will also be available on the Company's website shortly after the completion of the teleconference.

EMC Insurance Group Inc., the publicly-held insurance holding company of EMC Insurance Companies, owns subsidiaries with operations in property and casualty insurance and reinsurance. EMC Insurance Companies is one of the largest property and casualty entities in Iowa and among the top 60 insurance entities nationwide based on premium volume. For more information, visit our website www.emcinsurance.com.

The Private Securities Litigation Reform Act of 1995 provides issuers the opportunity to make cautionary statements regarding forward-looking statements. Accordingly, any forward-looking statement contained in this report is based on management's current beliefs, assumptions and expectations of the Company's future performance, taking into account all information currently available to management. These beliefs, assumptions and expectations can change as the result of many possible events or factors, not all of which are known to management. If a change occurs, the Company's business, financial condition, liquidity, results of operations, plans and objectives may vary materially from those expressed in the forward-looking statements. The risks and uncertainties that may affect the actual results of the Company include, but are not limited to the following: catastrophic events and the occurrence of significant severe weather conditions; the adequacy of loss and settlement expense reserves; state and federal legislation and regulations; changes in our industry, interest rates or the performance of financial markets and the general economy; rating agency actions and other risks and uncertainties inherent to the Company's business. When we use the words "believe", "expect", "anticipate", "estimate", or similar expressions, we intend to identify forward-looking statements. You should not place undue reliance on these forward-looking statements.

The Company uses a non-GAAP financial measure called "operating income" that management believes is useful to investors because it illustrates the performance of our normal, ongoing operations, which is important in understanding and evaluating our financial condition and results of operations. While this measure is consistent with measures utilized by investors to evaluate performance, it is not a substitute for the U.S. GAAP financial measure of net income. Therefore, we have provided a reconciliation of this non-GAAP financial measure to the U.S. GAAP financial measure of net income in the Consolidated Statements of Income schedule contained in this release. Management also uses non-GAAP financial measures for goal setting, determining employee and senior management awards and compensation, and evaluating performance.
